

REMARKS

Claims 1, 3-6, 8, 10-12, 14-15, 17-18 and 20 are currently pending. Claims 1, 8 and 15 have been amended.

Claim Objections

The Patent Office objected to the claim numbering for a second listed claim 9.

Applicant has changed claim numbering. Original claim 9 has been canceled. The second claim 9 has become claim 10, claim 10 has become claim 11 (which was previously omitted). Claims 12-20 remain the same.

Claim Rejections - 35 U.S.C. § 103

The Patent Office rejected Claims 1, 6, 8, 12 and 14 under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent No. 5,796,938 by Embarty et al. ("Embarty") in view of Microsoft Computer Dictionary ("MCD").

The Patent Office rejected Claims 3-5, 10-11, 15, 17-18 and 20 under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent No. 5,796,938 by Embarty et al. ("Embarty") in view of Microsoft Computer Dictionary ("MCD") in further view of U.S. Publication No. 2004/0193747 by Zayas et al. ("Zayas").

Applicant respectfully traverses each rejection. However, claims 1, 8 and 15 have been amended to include the limitations of claims 2, 9 and 16 respectively. Consequently, the rejections of the claims under 35 U.S.C. 103(a) are now moot.

Allowable Subject Matter

The Patent Office indicated that Claims 2, 9 and 16 are objected to as being dependent upon an allowable base claim but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant thanks the Patent Office for the indication of allowable subject matter.

CONCLUSION

The application is respectfully submitted to be in condition for allowance. Accordingly, notification to that effect is earnestly solicited. In the event the indication of allowability is withdrawn, applicants reserve the right to amend the claims back to the original form for further prosecution, without prejudice, disclaimer or estoppel. In the event that issues arise in the application that may readily be resolved via telephone, the Examiner is kindly invited to contact the undersigned Attorney at (402) 496-0300 to facilitate prosecution of the application.

Respectfully submitted,

LSI Logic, Inc.
